We have included a brief write-up below on some of our key programmes.

SAJC Praying Parent Group (PPG)

The PPG comes together regularly to pray and intercede for the student body, teachers, leaders, parent volunteers and events throughout the academic seasons of each year. You wish to join this dynamic group, sign up via QR code for the website above.

Exam Care Pack

To encourage our students on their Common and Block tests, the PSG committees and parents come together and prepare approximately 1,800 care packs that will be distributed to all, J1 and J2 students. Each pack consists of healthy energy snacks and stickers with motivational quotes. This is a wonderful gesture to show our love and support, rallying behind them, as they study hard for their exams.

Night Study Programme

Students who stay back in school to study or seek consultation with their teachers in preparation for their year-end examination; parents show their love, support and care by nourishing them with wholesome meals. The PSG, together with the school, provide dinner meals for 150-200 students every evening up to the final exams. Past students have testified that this programme has blessed them very much.
