b) Student Leaders

The 44th Student Council was led by Yeo Min Beverley Benita (21A04) and consisted of 40 councillors from the Arts and Science Faculties. The Student Council played an integral role in uniting the student body through various activities organised.

We want to acknowledge Ham Jun Ha (21S05), the President of Saints-for-Christ and his team, for their fervent work in supporting students, Christian and non-Christians alike.

We also thank the student leaders from Saints Advocate, for taking the lead amongst the student body to champion various social causes, raising awareness of different marginalised groups through campaigns and various outreach activities.

Our College is proud of the unstinting hard work of the student leaders who led their respective CCAs with passion, excellence and humility.

c) Character and Citizenship Education (CCE)

Servant Leadership Education And Development (SLEAD)

In line with the College's vision, Servant Leadership Education And Development (SLEAD) aims to provide a coherent focus to educating and developing every Saint to be a Servant Leader. A Servant Leader practises 3 key Habits; beginning with the heart that 'desires to serve', followed by the head that 'learns to lead', finally culminating in the hand that 'dares to act'. We believe that these Habits will help instil in our students the four Qualities of a Saint – Exemplary Character, Skilled Communicator, Holistic Thinker, and Community Builder.

Student Leadership

Student leadership development continues to be a key pillar in nurturing Saints to be Servant Leaders Who Bring Life to the Nations. SAJC aspires for each Saint to be a Servant Leader in his or her own capacity, exercising both self-leadership and influence regardless of their position or title in life.

Over the past year, Saints have stepped up to lead their peers in their classes and CCAs. Our Class and CCA Leaders played a key role in looking out for the well-being of their peers and keeping College spirit up through online and in-person activities. Building on the envisioning sessions that were conducted in ChrySALis 2020, our Class Leaders continued to work with their Civics Tutors and Advisors to implement initiatives to build a positive class culture. Our CCA Leaders participated in the annual CCA Leaders Webinar in November 2021, where they shared their experiences and crowdsourced solutions to the challenges they faced.

As the Covid-19 pandemic restrictions eased up, more in-person activities resumed, providing Saints a concrete opportunity to lead their peers in the National School Games and the Singapore Youth Festival. Notably, SAJC organised the 8th ChrySALis, our annual Student Leadership Summit, from 1st to 3rd June 2022 for approximately 300 student leaders. The JC1 CCA Leaders, Talent Development Programme students, and 50 participants from our affiliated Secondary Schools and feeder schools came together in-person to 'Be The Change'. They were led by student facilitators from the Student Leadership CCAs and a JC2 Student Executive Committee. The Summit provided student leaders with an opportunity to develop as servant leaders who exemplify the quality of a community builder, inspiring one another to make a difference through little acts in their communities.

The SAJC experience would not be complete if not for Saints who step forward to lead the College. As student leaders, Student Councillors serve and lead their peers, influencing and rallying them to promote College and House spirit through various platforms. The 44th Student Council led several College-wide initiatives, such as a re-introduction of Racial Harmony Day Celebrations for the College to increase vibrancy in an otherwise quiet year in 2021 due to the Covid-19 safe management measures. They also worked hard to level up their skills in managing livestream events and creating more innovative and high-quality digital content for these events, such as Teachers' Day Celebrations and virtual Open House. The 44th Student Council's mettle continued to be tested in 2022 when they welcomed the new JC1 students during Orientation with many last-minute changes due to the spike in Covid-19 cases nationwide. They constantly sought to engage the student population and kickstarted a proposal to create unique SAJC school merchandise to forge stronger

identity across different cohorts of Saints. The Student Councillors were also delighted to lead student supporters to cheer for Team SAJC at selected matches and their passion and enthusiasm inspired the crowd despite having no experience prior to this. Such opportunities provide authentic learning experiences for Student Councillors in their development as Servant Leaders who lead and inspire the student body to love and care for the St Andrew's Family.

Service Learning

The Service Learning (SL) journey at SAJC encourages Saints to grow into passionate Community Builders by matching classes to causes, as well as giving SLEAD Activists greater autonomy to learn, facilitate and lead. SL Whitespaces have been set aside to give all students the time and space to learn as they serve the community.

In August 2021, with the nation still facing the challenges of the COVID-19 pandemic, our students worked within the Safe Management Measures (SMMs) to reach out to communities in need with a blend of online engagement and in-person service. Leveraging on our close partnerships with Central Singapore Community Development Council (CSCDC) and other community organisations, Saints shaped class projects that reached out to a variety of communities—among others, the elderly at Lions Befrienders and the disadvantaged children of the Nurture programme run by CSCDC.

The journey continued in 2022, where the JC2 Saints built on their experience to serve a wider variety of causes, taking the opportunity to initiate, plan and execute their own projects with a partner organisation of their choice. They worked closely with community organisations to develop more effective SL plans to sustain their impact or broaden their skillsets. Fortunately, SMMs were relaxed in time for the JC2 SL projects to proceed. Adapting quickly to serve the community in person, Saints were also exposed to experiences that yielded a greater sense of empathy for hidden communities, such as the migrant workers who keep our Potong Pasir constituency clean. The JC2 Activists then shared the Saints' community building ethos and collective sense of purpose with the JC1 Activists at the SL Convention on 4 May.

The relaxation of SMMs also allowed the resumption of SL projects with our long-term partners. The Saints Advocate could reconnect with the elderly beneficiaries of the Metropolitan YMCA in the Circuit Road area, and the Interact Club resumed their support for the folks at Lions Befrienders. As the nation adapts to post-COVID life, Saints can look forward to making a greater impact on society, and through that, forge a sense of identity and purpose as citizens.

Citizenship Education

In 2021 and 2022, Saints also witnessed a return of some Citizenship Education programmes that brought festivities and life back to the College.

In July 2021, Racial Harmony Day was commemorated with activities lined up to appreciate the diverse ethnic and cultural threads that have become entwined to form Singapore society. The highlight for the students was to dress up in traditional ethnic costumes on the 23rd of July, when they also showcased the significance of

their ethnic wear in the preceding day's lesson. The students also had SLEAD lessons to discuss contemporary issues surrounding race matters. Saints showed courage, passion and eloquence when speaking about such contentious issues and articulating their experiences and concerns regarding diversity in Singapore. These activities helped them realise that Singapore's rich cultural diversity is valuable and worth preserving.

National Day was celebrated on 6 August 2021. As part of the Giraffes Singapore movement, our JC2 students embarked on an online social advocacy campaign, learning to create videos to spread stories of kind-hearted Singaporeans who stuck their necks out for the common good during this pandemic. This campaign was organised in partnership with CSCDC and included an online video creation workshop. Mayor of Central Singapore District, Ms Denise Phua paid the College a visit and engaged with the student body virtually in a dialogue segment. This virtual experience gave our students the opportunity to understand what it means to be a community builder and how to make a positive contribution to Singapore society amidst the pandemic.

Total Defence Day, memorialised in February 2022, took on a different focus as our JC2 Saints discussed the recent announcement in Budget 2022 to raise the Goods and Services Tax in two years' time and how this is aligned to the nation's pillar of Economic Defence. JC1 Saints were engaged in an online workshop to discuss the importance of psychological and digital defence as Singapore tackles the growing trend of online falsehoods.

April 2022 marked the celebration of International Friendship Day and part of Saints' learning was centred around the contemporary issue of the war in Ukraine. Through an exploration of the prevailing food shortages due to the conflict, Saints understood the implications of this war for Singapore. Students recognised Singapore's interdependence with countries in the world and considered how everyone has an important role in cultivating and maintaining good relationships with other countries. This theme of international friendship culminated on the 9th of May, which coincided with the European Union (EU) day. SAJC hosted the Deputy Head of Mission in the German Embassy, Mr Christoph Hallier. As part of the EU@your school Programme, Mr Hallier engaged our students in a Face-to-Face dialogue on the future of EU-Singapore relations. Ultimately, Saints learnt that good international relationships remain a crucial factor for the success of Singapore.

Environmental Initiatives

There were many initiatives to promote environmental stewardship among staff and students within the College and in the community. SAJC has collaborated with agencies such as the National Environment Agency, Public Utilities Board and National Parks. Some of the projects included upcycling of the empty plastic bottles to become a self-water gardening pot so that more students can plant more plants in their homes. In addition, we participated in World Water Day 2022 where Environment Club members created posters and made announcement to the other students in our College to raise their awareness about water conservation. The College is also continually seeking new ways to improve the recycling rate by having a new recycling shoe bin. This led to the students to recycle more within the College this year. Electronics posters on energy conservation and recycling right campaign have been placed outside the general office raised the awareness of environmental awareness within the College. In addition, Environment Club also participated in the

LTA Ambassador Programme where Environment Club students created a proposal to make improvement for the current LTA system. We are delighted to obtain the Silver Award (2nd place) for LTA Transport Ambassador Programme Competition (TAPCOM) 2021. Overall, due to the consistent effort in promoting environmental awareness within and outside the college, Environment Club was awarded the Yellow Flame Award for Singapore Green Schools Award 2021.
